

## Oceanis

### Dinning Tables

Oceanis represents the outcome of an exciting challenge of balance that STI Milano has overcome brilliantly thanks to the manufacturing expertise of its artisans. Indeed, this table stands on a single leg that has been manufactured by joining a great number of wooden slats which is then anchored to the floor on a metal base.

### Finishing

Available in an extensive range of refined marble, wood, lacquered and ceramic finishes. Each material is selected for its structural integrity and visual discipline, then executed with exacting craftsmanship. Every surface treated to emphasize depth, texture and permanence. These finishes elevate the character of the collection, reinforcing a unified aesthetic while allowing precise customization to suit varied interior visions.
