Dinning Tables

The Domino table is named as such precisely because the base recalls the three petals. The structure therefore has a triple wave of wooden slats on which it lays a circular top also available in innovative new stoneware finishes.

Finishing

Available in an extensive range of refined marble, wood, lacquered and ceramic finishes. Each material is selected for its structural integrity and visual discipline, then executed with exacting craftsmanship. Every surface treated to emphasize depth, texture and permanence. These finishes elevate the character of the collection, reinforcing a unified aesthetic while allowing precise customization to suit varied interior visions.
