

## Wood

### Dinning Tables

The design of the oiled ash wood base is reminiscent of a sophisticated formation only found in nature's splendour, expressing both solidity and movement at the same time. Wood is available extendible and comes in different colour finishes which create an appealing contrast with the stoneware top.

### Finishing

Available in an extensive range of refined marble, wood, lacquered and ceramic finishes. Each material is selected for its structural integrity and visual discipline, then executed with exacting craftsmanship. Every surface treated to emphasize depth, texture and permanence. These finishes elevate the character of the collection, reinforcing a unified aesthetic while allowing precise customization to suit varied interior visions.
