Dinning Tables

The original shaping of the veneered top, also available in glass and stoneware, defines the particular elegance of this table and is lightly combined with the expressive strength of sculptural metallic bases, made in different types of finish. The distinctive element of the table is the particular shape of the structure, as well as the extendable tops.

Finishing

Available in an extensive range of refined marble, wood, lacquered and ceramic finishes. Each material is selected for its structural integrity and visual discipline, then executed with exacting craftsmanship. Every surface treated to emphasize depth, texture and permanence. These finishes elevate the character of the collection, reinforcing a unified aesthetic while allowing precise customization to suit varied interior visions.
